

Emergency Plans and Programs; Would yours protect your community from a major disaster?

Reduce the impacts of disasters and emergencies on your municipality by implementing comprehensive, tailored planning and training before the fact.

We are confident that each community we work with comes away better aware and better trained on how to react in an emergency situation.

Our Services Include:

CONDUCTING RISK ASSESSMENTS

DEVELOPING CUSTOM PLANS

RUNNING EMERGENCY EXERCISES

TRAINING STAFF MEMBERS

Hazards we can help with:

**FLOODING &
RAIN DAMAGE**

**TORNADOS
& STORMS**

**DANGEROUS
SPILLS**

**POWER
OUTAGES**

**PANDEMIC
SITUATIONS**

**PROTESTS
& UNREST**

Impacts of climate change

Canada is warming at twice the rate of other countries, resulting in flooding, fires and drought. It is imperative that the community Hazard Identification and Risk Assessment identify the changing risks that communities face. Additionally, the emergency plan has to reflect these changes and stronger foundations must be in place to support the changing need.

Our wildfire expert

Zach Ploshynsky brings education and real world experience that enables him to develop a custom wildfire plan for any community. He will travel to the site to assess client needs, discuss the process, and lay the foundation to develop a comprehensive wildfire plan.

Napier Emergency Consulting leverages our wealth of expertise and experience to provide top quality service to municipalities across Canada.

SHELLEY NAPIER
