

Do you have the training you need as an elected official?

People will automatically turn to you for answers when disasters occur. When the unexpected happens, the news always comes from the top. It's imperative that programs are in place, plans are up to speed and people understand what to do—fast.

We teach all of this to elected officials.

Our services set you up for success:

**COUNCIL
TRAINING**

**EMERGENCY
EXERCISES**

**SCENARIO
WALK THROUGHS**

**EMERGENCY PLAN
DEVELOPMENT**

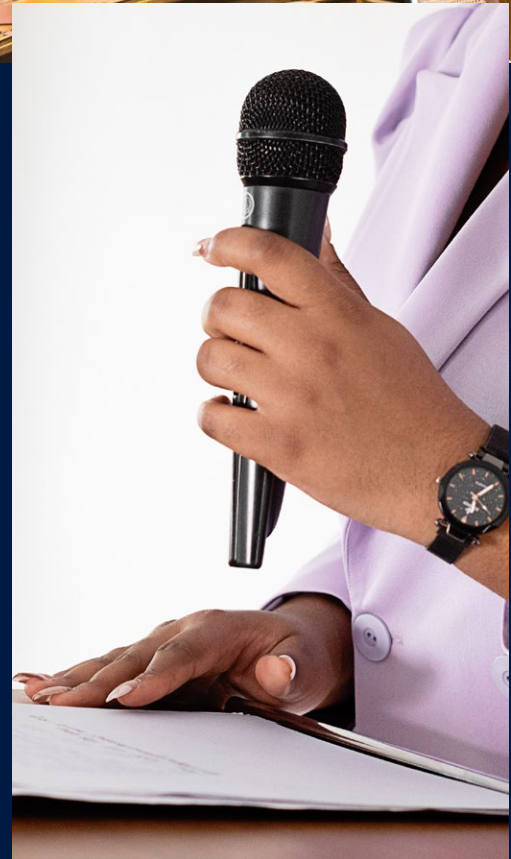

**STAFF
EDUCATION**

A good leader knows to curate a team of experts they can trust and rely on.

We train and educate elected officials to have the knowledge of their roles and responsibility when dealing with an emergency event. For example, some think they should be in the EOC or out in the field helping the Incident Commander or building sandbag dikes; when in fact their role is in Council chambers doing what leadership does – lead.

YOUR OBLIGATIONS

We teach you about legislation, regulation and standards and what those pieces say they **MUST** do yearly.

YOUR PREPARATION

We ensure you have plans and programs in place that show you have done their due diligence should an emergency hit.

YOUR RESPONSIBILITIES

We teach you that as government you have the ultimate authority and responsibility to manage and respond to the event.

Napier Emergency Consulting leverages our wealth of expertise and experience to provide top quality service to elected officials across Canada.

We can help you help your people.
